SUMMARY

I am a skilled engineering analyst with a strong foundation in software development and a particular focus on creating innovative solutions. With experience in developing responsive applications and websites, I excel at enhancing user interfaces and optimizing performance. My proactive approach and strong problem-solving skills have led to achievements like awards for best performance and significant contributions to team projects

WORK EXPERIENCE

Software Engineering Analyst , Accenture

Dec 2022- Present

- Migrated 6 enterprise websites from Sitecore MVC to Headless (Next.js + GraphQL), improving performance by 50%+, SEO scores by 25–30%, and achieving 40% faster development cycles through component reusability and SSR optimization.
- Built modular, reusable and dynamic Next.js components integrated with Sitecore Headless APIs using GraphQL for dynamic content rendering.
- Collaborated with cross-functional teams to design, develop, and implement reusable frontend components, resulting in a 15% increase in project efficiency.
- Designed and launched a robust, fully responsive real-time chatbot interface featuring advanced ChatGPT-style functionalities, including dynamic contextual memory for seamless conversation flow, a smart 'Start Over' reset for new interactions, and intuitive reference buttons to enhance engagement and streamline user follow-ups.

Assistant System Engineer, TCS

Feb 2022 - May 2022

- Assisting senior team members with project tasks, including debugging, research, and technical support.
- Supported SAP BTP development activities by working with toolkits to build and extend cloud-based applications. Participated in knowledge sessions and hands-on training.

SKILLS

- JavaScript(ES+6), React, NextJS, Typescript, HTML, TailwindCSS, JEST, Python, RESTAPI, GraphQL, Sitecore(CMS), Git, Github.

EDUCATION

MITS, Madanapalle

Jun 2018 - Aug 2022

B.tech in Computer science and technology

ADDITIONAL INFORMATION

- **Certifications:** “Python for Everybody” by Coursera (University of Michigan)
- **Awards/Activities:** Sparkling star of the month award (May-June 2024) for best performance and contribution in the team.
